Balled Shade Trees

We have a nice selection of larger shade trees ranging from 3 inch to 12 inch trunk diameter. These trees give quick shade and beauty and are successfully moved from the nursery with a large ball of earth in late fall and winter.

Marsh Hay for Winter Covering

Perennials, strawberries, bulbs, clematis, climbing roses, hybrid tea and floribunda roses need winter protection. Marsh Hay is the best covering material. One bale covers approximately 200 square feet. Price \$1.50 delivered Twin Cities, \$1.25 called for.
